Robert starting to take effect in other areas, starting to get negative responses, negative stuff into communications waves, national assembly is not about any state coming in with any other state for any reason whatsoever, not effort to get 2 states collaborate under 1 banner & have 1 orchestration, folks in state have to organize own state, be responsible & accountable for own state, helping 1 another to achieve 30 states plus to start working together to state we are in existence here to peacefully address issues abuse of office-government-people, [there are] those discouraging, mislead to believe the Constitution is our rights, Bill of Rights our rights, Constitution is controller tell national-state-county-township-city governments what their limits are, taken advantage of people, , be kind not negative, address one issue monumental to us-several minutes to have been read-Assembly move & second to become official record, been able to read minutes?
