Testimony in the form of an Affidavit.

We the undersign Hold these truths to be self evident

With full faith and credit we establish governing law in this case at this time to be: Declaration of Independence; Articles of Confederation; Northwest Ordinance; Ohio's, Texas' and Oregon's Original Constitutions circa 1859 and The United States of America's Constitution circa 1859. And ORCP 20A; Clearfield Doctrine; Accardi Doctrine; ex Parte Young; ex parte Milligan; McCarran Waters Act 1952; Judiciary Act 1789-Sec 32; are all specifically called into this case. They are all governing law. As is file on demand; these three offices of the recognized US Department of Justice must accept this case filed with them into alleged government's office.

The DOJ is agent to the entity responsible for the enumerated requirements of Article III, the one supreme Court claiming original jurisdiction

This Notice is provided with the expectation of immediate self-correction. **The Demand** is the penalty provided for breach of due process. Due process violation is defined as the written law is in fact violated. She is a muslim and on our soil and elected to Congress. 18 USC 3571. The penalties must be paid. We have been denied due process. The proof is the wrong doer's election to Congress. Ignorance of the law is not an excuse.

Example: when a judge is challenged on jurisdiction and fails to provide the written authorization into the record of the case and makes a ruling in the case, that judge is clearly without jurisdiction.

The entity with the responsibility to fulfill each challenge is the United States, thru its Department of Justice. Dealing thru the three contact points on Ohio Texas and Oregon.
