

Currency The Supreme Law

A National Currency is a Credit System and credit is a measurement of value. To measure or count value we use numbers and to these numbers, we give an assumed value; So currency is the use of numbers to measure and exchange value. The assumed value is based on a persons faith, trust, and credit or commitment to the assumed value of the numbers.

A National Currency is more than just a measurement of value; it is a standard to measure the value of all people and all property; in other words, it is a Standard of Judgment to Judge the value of all people. And so the National counting = Accounting System is to measure and Judge the value of every person. And so What Value are these numbers measuring and representing? There is two Choices; these numbers called Currency are ether measuring the value of upholding Rights, or the value of violating Rights. A National Currency is the Power and Force of all the People for Good or Evil. Primary Currency is the Law of Power, Force, and Judgment based on a Standard of Value; all else is lip-service and not commitment or accountability; in other words Primary Currency is the Government.

Only an honest Currency created based on a person's knowledge and allegiance to their neighbors Natural and Common Rights; represents and upholds the Rights of the People; Judging honestly and fairly, their real value and worth to humanity and all Sacred life in the Natural Law of sustainable abundance. All other National or Primary Currencies are conspiracy and Treason from within; a Covenant with death and an Agreement with hell, which is legalized Robbery, theft, Murder, and Treason from within. Isaiah Chapter 28.

The Value and quality of human life is based on One thing only and this is how much people uphold and serve the Natural Rights of the People; any other Primary Accounting System is deception and treason from within. All Rights come from Rule of Law = Common Law = honest Public Credit = equal enforcement of Rights = Law of Natural Rights = Law of Natures God = Creator of eternal abundance. Law does not change; there are Two Laws: the Law of Rights and the Law of Treason; which Currency = Accounting do You worship = give Allegiance = Trust in; the God of eternal abundance or the God of eternal damnation? May Good bless you all.

Honest Public Credit = Honest National Currency

- 1- Secured interest in keeping the Law honest and transparent to serve the People's greatest real good.
- 2- Equal enforcement and opportunity within the Law; not equal rights, equal enforcement of Rights.
- 3- Real and equitable checks and balances of Power based on real Accountability to the Rights of every human individual; not based on branches of organized Crime in monopolyism = above Rule of Law.
- 4- When an honest and good Foundation is established with an honest Accounting System that serves the greatest and highest Value of all people; then best People rise to the top of leadership and enlighten the whole World with the greatest eternal abundance and harmony for all.
- 5- The Kingdom of Good = the Law of Good has existed forever; Do You choose to fulfill the Law in Law or lie as an Outlaw under the Law of Treason = Self-destruction?
- 6- All Rights come from Allegiance to Rights = The Law of Law

The Five Branches of Good Government = 1: The Law; Natural Common Law of the Universe. **2: The People;** Self-Governing Beings in Natural Common Law Rights. **3: The Judge;** Accurately Defining Rights in Natural Common Law. **4: The Executor;** Equal Enforcement of Common Law Rights. **5: The Account;** The Record of all Accounting to and Enforcement of Common Law Rights.

Oath and Covenant of Allegiance

I pledge allegiance to the Constitution of the Common Law of Justice and to the People for which it stands in the United States of Justice; One Nation with God, indivisible with Liberty and Justice for all.

I pledge my life, property, and Sacred honor to uphold and enforce Rights in order to have Rights.

The Key to the Kingdom of Good

You shall not have any other goods before Justice = You shall love the Supreme Good with all your mind, heart, and soul; and by doing this; You will have True Love for your neighbor and yourself. Seek and Serve first the Kingdom of Good and all good things will be added unto you. Fulfilling the Law of Good is True Love and True Love is the Spirit and Law of Good. The Supreme God is Justice = Rights = True Love; in any order it is the same Law and Spirit with the same value, purpose, and meaning = Good = God is inseparable.

John 1:1 In the beginning was the word = eternal Law of Good, and the word = Law was with God = Spirit and the Law = word was God = Spirit of Good = Supreme Being. The eternal Spirit and Law became flesh and the eternal Spirit and Law created Creation. The Spirit of the Law giveth life. Thy will is done on earth = physical as in heaven = spiritual Good. You are the light of the world; share your light in high places to enlighten the whole world. If you are not one with Good then you are not one with God = Justice in True Love. The Law of Good is no respecter of persons but the Spirit of God can for-see the future and knows the hearts = spirit of men; So God intervenes with True Love in grace offering all people the opportunity to repent and Love Good for the Sacredness and glory of exaltation.

When you fulfill the Natural Law of eternal abundance in Justice; this is called righteousness and True Love = loving your neighbor as your-self in Justice= equal application of the law of rights. Law and True Love is equal enforcement of rights, not equal rights; Sacred truth and True Love are One in spirit and purpose of law. To fulfill the Law in Love of Good is to have Rights and True Love for your-self and others. **Natural Common Law of the Universe**

The Law of Good = Justice = Rights = True Love is an Accounting system; meaning every individual is judged by their works = content of their character. For people to use the Good Accounting System, every person must be judged by the content of their Character that is the degree of their loyalty and allegiance to Rights. To Account and measure the degree of allegiance to Rights, we use numbers called currency = Credit = dollars. For a Currency to uphold and Serve the Rights of the People in Law; the Currency must be created based on a person's knowledge and allegiance to Natural Rights in Law; also the creation of the primary Currency must be applied equally to every qualified member within the Law of Rights; by each member giving to every other member, the same amount of Public Credit, one time, and then it is fair-enterprise with supply and demand in the Law of Rights = Liberty & Justice. This is how an honest primary Currency and Public Credit System is created in the Law of Law = the eternal Law of Rights, in Law that is equally enforced with equal opportunity within the Law that applies to every responsible adult person with a qualified level of education to communicate in the Common language with a clear knowledge of Natural Common Law Rights in Self-Governing Law with a Covenant of Allegiance to your neighbors Natural Rights. Only a Rights based Accounting System serves Rights and creates rule of Law = the Spirit of Good = True Love.

The true Creditor is the one who creates in the Law of Rights; giving allegiance first to Rights in order to create wealth and eternal abundance. The Secured Creditor is secured by Rights or Treason. When Credit is robbed from the Right-full Owner by the Law of Treason = Counterfeit Credit = The Mark Of Beast = MOB rule counterfeiting rights and law, covenant with death and hell = Isaiah 28. The love of evil is the root of all evil = to love money = counterfeit Credit, is to love Treason and Identity theft = violating your real and greatest value to replace you with idolatry; Greed, Communism. When the true Creditor is robbed of their Credit; it is not possible to repair the damages of such Robbery by giving whatever wealth was created from such stolen Credit, to the robbed Creditor; Because the Right of Self-Government to Own your Soul and reap the blessings of honest and fair team-work is the greatest blessing and wealth that the Law of the Universe can give US; this is the inheritance of the Righteous as co-creators with God in eternal abundance.
