

Basic Package of Editable Forms

By Anna Von Reitz

Here is the basic package of editable forms I have been working on. Please tweak or forever hold your peace. These or very similar progenitors of these forms have been used to set free many thousands of Americans and put them and their assets beyond the reach of the fraudsters. We want to make the number zoom into the many millions who need and will want to come home.

(Webmaster's note: These are word documents. They will not display in your browser. You need to download them to your computer, then use Microsoft Word or Open Office to edit, then print them. When you click the link for each document it will download to your downloads folder. From there you can save them to any folder you want.)

This is the basic package everyone needs to fill out and record with the local land recording office to reclaim their birthright political status and reclaim their Good Names and Estates. Please note: do not **register** anything. Only **record**.

If your local land recording district or county land recording office won't record your paperwork, look for a county that will. Often it is only a matter of traveling a few miles or sending it through the mail.

Worst comes to worst, do the paperwork, make a black and white copy for your files, and send the originals to yourself via a Registered Mail Letter. When the letter comes back, DON'T OPEN IT. Put it in your folder with your file copy. The Post Office and the Registered Mail Number serve the recording function.

Let's begin with the Diagram of the Fraud -- people need to see how it starts with the "missing" Trade Name. This process brings forward the Trade Name and "finds" it again, and then allows us to reclaim our "reversionary trust interest" in all the derivative NAMES free and clear.

Virtually all land recording offices now require a Recording Cover Sheet. This gives an example of the first Recording Cover Sheet needed to file the Acknowledgement, Acceptance and Deed of Re-Conveyance. All subsequent filings need to be done with a Recording Cover Sheet as "Extensions" of the original Deed Document Number that will be issued once the Deed of Re-Conveyance is recorded.

For example, the next Recording Cover Sheet would be identical, except the document title would be: Certificate of Assumed Name - Extension 891039-1
(this number will be whatever number was assigned to your Deed of Re-Conveyance and will associate the Certificate of Assumed Name with the Deed in the recording system.)

The Deed seizes upon the Trade Name and brings it back to the land and soil jurisdiction.

The Certificate of Assumed Name seizes upon the derivative NAMES and returns them to control of the living man.

The Act of Expatriation explicitly renounces Territorial and Municipal "citizenship" and returns the derivative NAMES and ACCOUNTS to the land and soil.

The Baby Deed of Land Recording is to help new parents and put an end to the "salvaging" of American babies by these corporate vermin. Simply have a Third Party -- grandparent, uncle, family friend--- do the notarization and record the Baby Deed as another Extension of the Father's Deed of Re-Conveyance. If the Father refuses to claim his Trade Name and Estate, or is dead or disabled, the Baby Deed can be attached to the Mother's Deed of Re-Conveyance.
